

The Mobile Spay & Neuter Van is
Coming to Las Cruces!!!

The Feral Cat Management Program (FCaMP) and the Spay & Neuter Awareness Program (SNAP) is pleased to announce that in January 2003, the SNAP Mobile Spay & Neuter Van will be arriving in Las Cruces!

When: January 6-10, 2003

Where: NMSU Campus, at the parking lot between Skeen Hall and the NMSU Police Station

Why: To spay and neuter as many NMSU faculty, staff and student companion animals as possible!

Who: NMSU Faculty, Staff and Students!!

Cost: **\$20.00 for a cat or a small dog (less than 45 pounds)

**\$35.00 for a dog weighing 45 pounds or more

Low-cost feline and canine vaccinations will also be available.

**These are suggested donation amounts. This van costs about \$1400 per day to operate, so any and all donations are very much appreciated. If you can't afford the suggested amount, please pay what you can. If you can pay a little more, please be as generous as you can. Every little bit helps!

Every day, the County Animal Shelter euthanizes an average of 31 dogs and cats! Why?? Because there are simply too many animals and not enough homes! Help us stop this devastating trend by having your companion animals spayed or neutered by the Mobile Spay & Neuter Van!

To schedule an appointment for your companion animal(s), please call 527-4529 and leave a message or send e-mail to fcamp@nmsu.edu. We are currently prescheduling folks for this program, but slots are limited, so don't delay! Call today!
